Hi Guys,

Wanted to let you both know we have some concerns on the insurance (Fig) and payroll (NoHo) mishaps that occurred in recent weeks.

I know Fig's insurance issues (2 of the crew not getting signed up) have been resolved and I'm hoping the NoHo payroll issue gets resolved today.

When issues like this arise, we worry about employee morale and general employee well-being. It can be tough to retain ambassadors and every little bit of incentive (like insurance) can help.

I trust all issues will be resolved shortly.

Thanks,  
Aaron
